- SRS® WOW™
- 30 Watts (Total Wattage)

- 4-Item Illuminated Universal Remote
- Dual ColorStream® Inputs

ADVANTAGE TOSHIBA

- >> CableClear™ DNR+ utilizes the Digital 3DYC Comb Filter to compare frames and determine the existence and extent of video noise. It then applies the needed amount of digital video noise reduction, and the appropriate sharpness adjustment to keep the picture clear. This feature works on R/F and Video inputs and can be controlled by input.
- >> SRS® WOW™ technology takes the performance of the monitor's existing speakers to a whole new level to offer the consumer superior sound quality with no additional speakers required.
- >> 4-Item Illuminated Universal Remote with DVD Control allows for easy operation in a dark living room or home theater environment.
